Check **relevance**

Self-assess your idea before asking for our feedback

The screenshot shows the 'Self assessment tool' page on the Interreg Europe website. The page has a navigation bar with links: 'Discover the programme', 'Look for fundings', 'Approved projects', 'Get policy advice', 'Find policy solutions', and 'Meet the community'. A sidebar on the left lists eight categories: 1. Issue definition, 2. Policy instrument, 3. Jobs and growth programme, 4. Partner's status, 5. Authorities responsible, 6. Interregional cooperation, 7. Exchange of experience, and 8. Innovative character. The main content area features the title 'Self assessment tool' and introductory text: 'Answer the series of questions below to check if your project idea is relevant for Interreg Europe. Before going forward with your application or seeking assistance from us, make sure to check the relevance of your project! If you can answer 'yes' to all the questions, you're on the right track. The self-assessment is for information purposes only.' A highlighted box for the first step, 'Issue definition', contains the question: 'Is the issue addressed by the project clear and specific enough? Does it clearly fit within the priorities of the cohesion policy?'
